## EXPERIENCE

### Web Developer | ThinkMuse

APR 2018 - DEC 2019, VANCOUVER, BC

- Programmed modern web applications for various businesses to improve their workflow and efficiency, generating thousands in profit.
- Technologies used: HTML, CSS, JS, Wordpress, Node and React.
- Utilized video editing and graphic animation software to cater to specific client needs based on their branding.

### Programmer & Performer | Decibel Entertainment

JAN 2018 - NOV 2019, VANCOUVER, BC

- Led the execution of stage production by working closely with up to 20 event vendors at a time for large music festivals of up to 10000 people.
- Handled entertainment software with hardware controllers to operate music and visuals for shows, thus reducing operating costs by 25%.

### Customer Service Rep | BestBuy, Safeway, Mcdonalds

MAY 2013 - 2018, VANCOUVER, BC

- Demonstrated communication skills through customer facing roles, working with large amounts of merchandise and clients over the years.

## EDUCATION

### BrainStation | Diploma in Web Development

MAY 2020 - AUG 2020, TORONTO, ON

### Simon Fraser University | Bachelors in Science

JAN 2015 - Ongoing, VANCOUVER, BC

## PROJECTS

### Nite | Founder & Lead Developer

2020 - Ongoing, PERSONAL

Developed an all-inclusive event planning and social media platform in the form of a web and mobile application. Utilized modern technologies such as the MERN stack and React Native. Includes RSVP services, purchasing tickets, mood-based suggestions and chats.

### Websites and tools for Businesses, School, Personal Use | Developer

2017 - Ongoing, WORK/SCHOOL/ETC.

Designed and programmed many websites and tools such as calculators, games, etc.

### Winterized Wheelchair | Lead Designer

SEPT 2017 - DEC 2017, SCHOOL

Built an add-on for winter conditions to prevent wheelchair users from getting stuck. Won SFU project fair and earned high acclaim from the accessibility division of the school.

## SKILLS

HTML, SCSS/CSS, Javascript/TS, Python, React, Nodejs, Express, Firebase, SQL, MongoDB, C++, Git Final Cut Pro, Adobe CC, Wordpress, AWS

## PROFILE

My dream is to help produce a superdigital world that operates at increasingly efficient levels as time goes on. I believe that as our world's resources grow, our learning processes and our minds rapidly grow with it and I hope that we can be accomplishing unimaginable feats in the next 100, 1000 and even 10000 years through the evolution of technology. I truly have a passion for learning and I aspire to meaningfully contribute to the future that I know we can get to.

## AWARDS

Decibel Entertainment -  
Programmer of the Year 2018

Bell x Brainstation Hackathon  
Winner - Developed a multimedia platform in 5 hours, targeted specifically at kids with the hopes of providing them educational and useful content filtered by their age groups.
